May 2016

To our BLM Campers,

Tuttle Creek Campground Road Repair

Starting October 17, 2016 through October 29, 2016 erosion control grading consisting of several drainage systems will be created. During the two week project we ask campers to be ready to move from the following areas:

Phase One: October 17-22 Sites 2-28 (north side) will be CLOSED

Phase Two: October 24-29 Sites 29-81 (south side) will be CLOSED

**During construction please move to either side of the campground
or to these other locations:**

The following BLM campgrounds are open:

Goodale Creek: 10 miles north of Independence on US Hwy 395, then 2 miles west on Aberdeen Road. Follow signs to campground.

Horton Creek, Directions: US Hwy 395 north, 8.5 miles to Sawmill Road. Turn left (south) onto Sawmill Road and then take an immediate right (west) onto Round Valley Road for 3 miles. Follow sign to campground.

PV Pit: From Bishop, California, take Highway 395 (north) towards Mammoth Lakes. At the Pleasant Valley Road intersection, turn right and proceed approximately (0.5 miles) until a gravel road is located on the left (west side of the road).

Crowley Lake: US Highway 395 to Crowley Lake exit. Proceed west through the Crowley Lake Community for 2 miles. Turn north (right) at Crowley Lake Drive and proceed for 2 miles. Follow sign to campground.

Weather dependent-Dates may change- for any updates please contact
